CCA 21 — Logo
Board 01/05

HumanAid is an all digital non-governmental organisation that help fight humanitarian crisis together with people from all over the world.

The logo celebrates and is inspired by the diversity of the community behind HumanAid. The idea behind the logo was for the the logo to reflect the diverse heritage, and for the community to be able to see themselves in the logo.

# HUMANAID

The shapes of the letters in the logos have all been inspired by different characteristics in alphabets that represent the members of the HumanAid community.

As the community grows the idea is that the letterforms and the logos can grow with it.

Inspired by the Tamil “lai”

Inspired by the Thai “Ya”

Inspired by the Tamil “la”

Inspired by the Buginese “Na”

Inspired by the Buhid “Ya”.

Inspired by the Arminian “Ts”.
