

**Look uptight
or surprised;
yawn or
smile and use
your face to
design your
own typeface**
yourtypeface.com

Your Typeface is a variable typeface experiment that enables you to design a typeface from the proportions and forced emotion of your face. By combining the variable font technology with face recognition we created a

surprisingly fun tool that appeals to everybody. The very personal interaction with the typeface encourage you to make face gym and push your yawn to extremes. It is fun and it might even keep you fit and young.
