

Dokumenteret Frihed

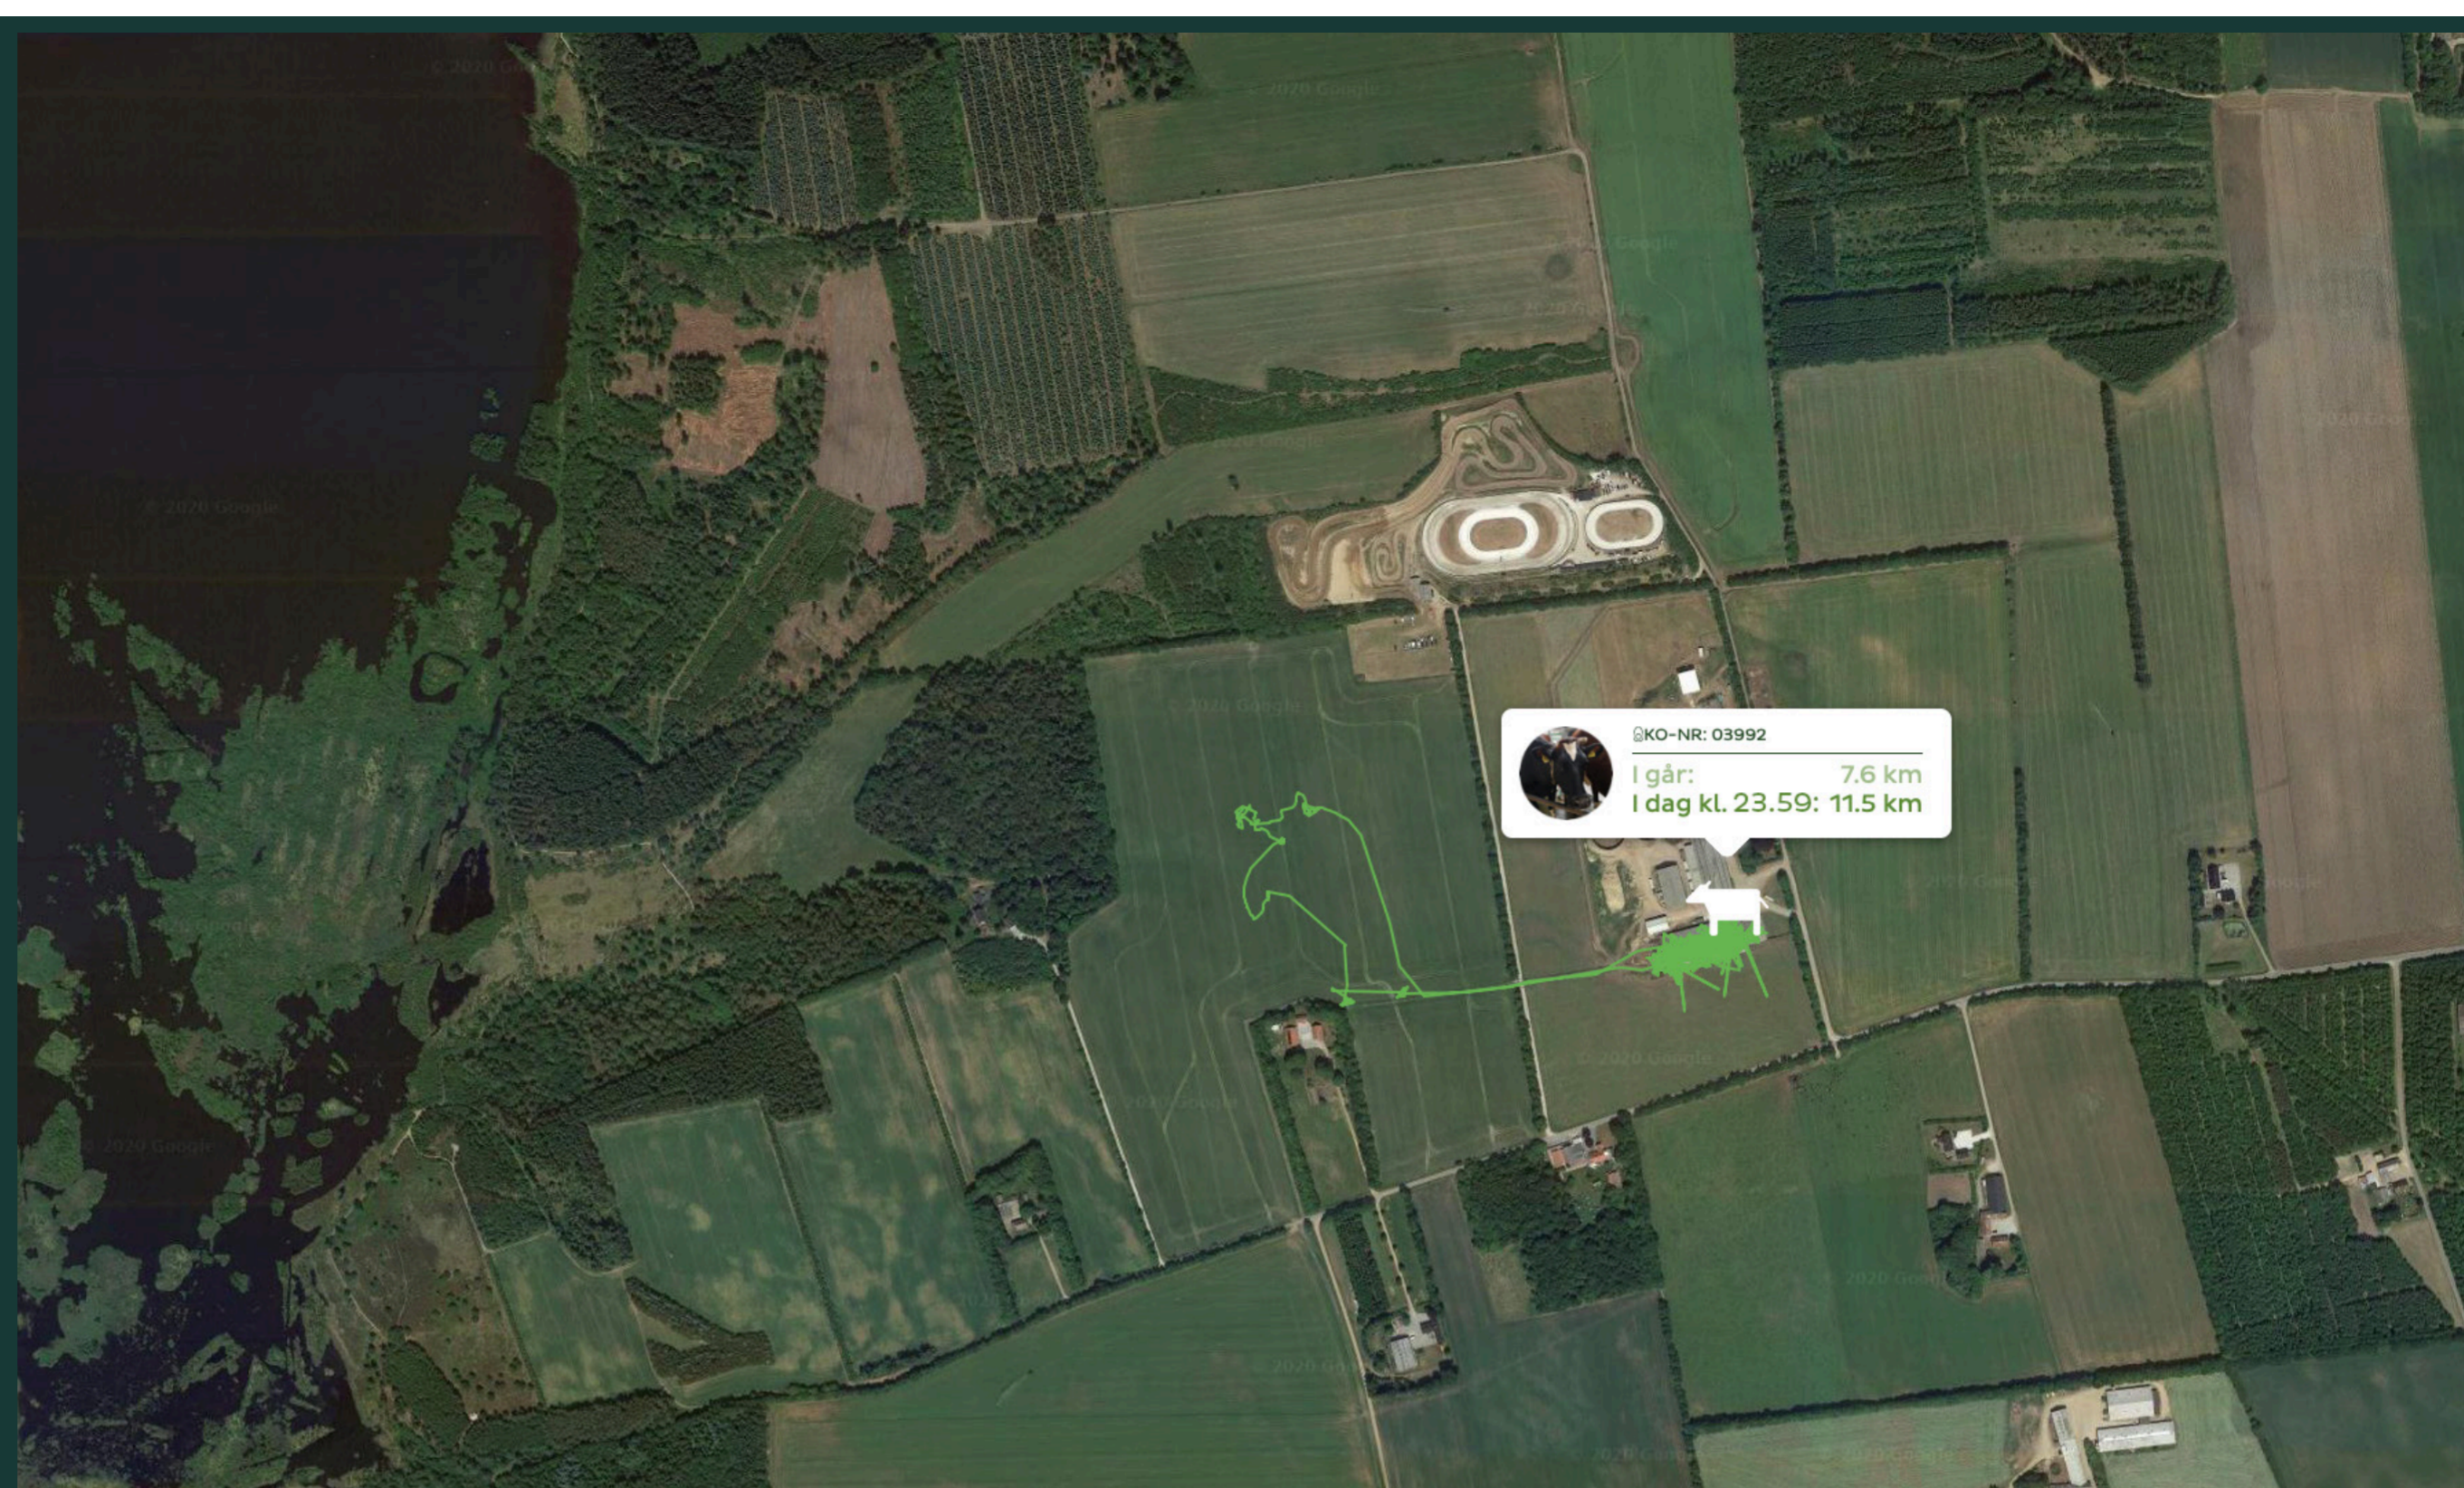

For Friland Økologi er dyrevelfærd lig med frihed.

Ikke to dage er éns i en Frilands-kos liv.

Men hvordan ser det frie liv egentlig ud?

Vi satte GPS sendere på udvalgte Friland Økologi køer og dokumenterede daglige antal kilometer og helt præcise ruter køerne gik på markerne.

Den indsamlede data blev brugt til 60 unikke posterprints.
