

SMALL ACTION BIG CHANGE

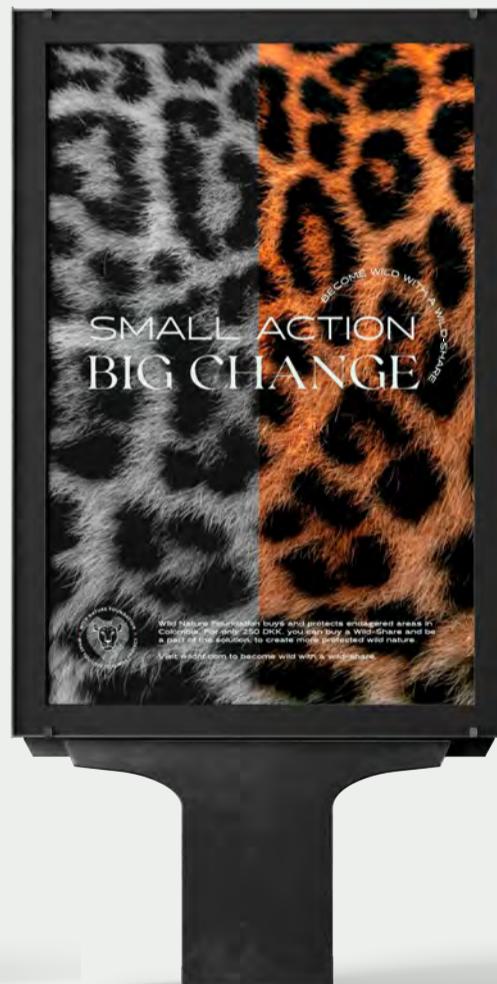

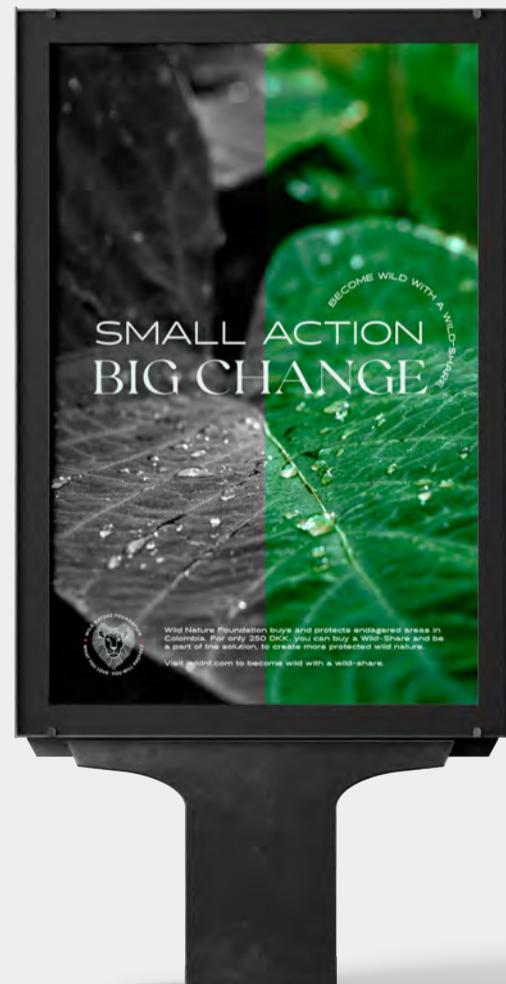

Er 250 kr. mange penge?
 Måske - men for præcis den pris kan du hjælpe med at beskytte og genskabe udsatte og truede naturområde og dyreliv.

Med løjenfaldende billeder i ægte makrostil sættes der fokus på de truede naturområder og det farverige, men udsatte, dyreliv i Columbia.

Den sort/hvide del af billederne symboliserer det truede naturliv, mens de farvede dele af billederne symboliserer det genskabte og beskyttede naturliv - hvis vi gør en forskel.

Forskellen sker ved at indbyde beskueren til at blive 'Wild with a Wild-Share' og købe en aktie i Wild Nature Foundation og på den måde blive en del af løsningen.

A small action - but a big change.

Plakatserie

**THE MORE SHARES
THE MORE CHANGE**

A Wild-Share is a share similar to a public share which is a form of crowdfunding. The Wild-Share being bought by one shareholder has contributed with an amount corresponding to a precise share of the project.

With a Wild-Share share you contribute to our protection of water resources, biodiversity and endangered animal species projects.

EXAMPLES OF PROTECTION PROJECTS

- Buying land to protect or restore fragile or endangered areas
- Reinforcement of endangered wild life species
- Creating national parks
- Education of the local population
- Anti-wildlife trafficking
- Support and research within the purpose of the foundation

WHAT IS A WILD SHARE?

A Wild-Share is a share similar to a public share which is a special form of funding. When you buy a Wild-Share, you will get an online certificate, where you can see all the improvements of the different projects your share, and all the other shareholders.

With a Wild-Share share you contribute to the protection of water resources, biodiversity and endangered animal species projects.

THE MORE SHARES THE MORE CHANGE

The purpose of Wild Nature Foundation is to document and advance the protection of the World's wild animals and nature. Central to this is a sincere love for nature which is the core of all our projects and activities.

The Foundation doesn't give out grants and doesn't accept applications for funds. We run on our shareholders and donations. Therefore, the more shares - the more change we can do.

We can't save the whole world, but it's a good start for us to protect our wild animals and nature.

EXAMPLES OF PROTECTION PROJECTS

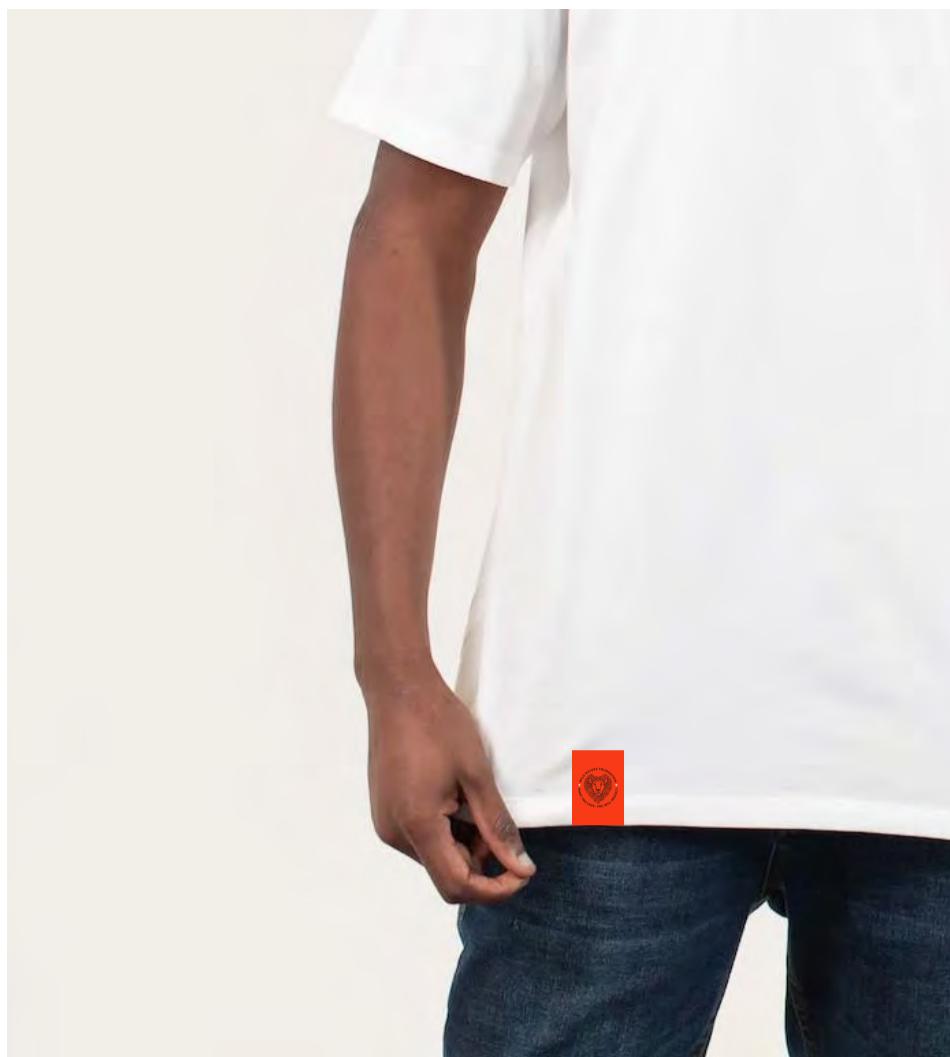

- Buying land to protect or restore fragile or endangered areas
- Reintroduction of endangered wild life species
- Creating national parks
- Education of the local population
- Anti-wildlife trafficking
- Support and research within the purpose of the foundation
